Affinity Plan for Small Businesses

Latitude Wireless offers cellular voice and Internet service in multiple communities that spans across the Yukon and into Norman Wells, NT. Our company is owned and operated by northerners, for northerners, so we understand the needs and desires of our customers and their businesses.

That's why we offer the Affinity Plan tailored especially for small businesses working in the Yukon. For a low monthly rate, eligible associations will receive similar benefits to those enjoyed only by large corporate customers. Please contact us directly for more information.
